The Water Walkers are a competitive show ski team. We are nearing maximum capacity and have limited resources to teach basic water-skiing skills. Your questionnaire will be reviewed by the Board of Directors and if the team has availability for new members, a membership handbook will be provided with more team information. If the team does not have availability for you as a new member, your name can be added to a list and we can contact you when we can accommodate your membership request. Feel free to reach out to our membership coordinator with any questions (LaurenLeurquin@outlook.com).
